Information regarding clothing:

Campers need to pack for two weeks. There are NO laundry facilities for campers at camp. Four-week campers will go to a coin-operated Laundromat. Old and sturdy clothing is best for camp as it will get rough wear. Clothing for both warm and cold weather conditions is necessary since weather can, and often does, change quickly. The number of articles brought will vary with each individual. Adult supervision in packing will guarantee needed items get packed.

Please mark all articles of clothing and belongings with your daughter's name.

Please turn over for the trip packing list.
